Vinyl Construction

DuraMax Vinyl Storage Sheds are manufactured with durable and maintenance free vinyl. These sheds provide safe and secure storage space. The sheds are reinforced with a strong metal structure that will carry up to 20 lbs/sqft snow load. They are all weather durable and will never rust, rot, dent or mildew.

Assembly Made Easy

The assembly is simple, clean, safe and can be completed in a few hours. All parts are pre-cut, drilled and numbered for ease of assembly. All you need to provide is a level surface of either wood or concrete, the size of the desired garage. In addition, you will need a drill with a #1 phillips head, hammer, measuring tape, pliers and a ladder. Please refer to the Owner's Manual for more detail; available also at www.duramaxbp.com.

Fifteen Year Warranty

DuraMax Sheds utilize the best quality materials, reliable manufacturing techniques, strict quality control and are backed by a 15 years Limited Warranty.

Please do the following prior to your Duramax Vinyl Storage Shed purchase:

- Check with your local city hall for building ordinances & CCR's.
- Be sure that intended placement of building is within your property lines.
- Measure the size of the intended building site and make sure you have a level wooden or concrete foundation.
- Do not build shed over utility lines (i.e. gas, electrical, telephone, cable, etc).
