

## 10x6' Teton Shed

**10**  
YEAR LIMITED  
WARRANTY

If you don't want a rusted, scratched, or dented on metal shed and you can not afford to spend \$1,000 on a new plastic shed; then you need to consider our Teton Shed.

Our Teton Vinyl is made with all-PVC walls. These walls are warranted to never rust, rot, mildew or dent. Not only that, these never need painting and are virtually maintenance-free. You get an affordable long lasting storage shed that you can build yourself.

With nearly 6 ½ feet of inside head room and more that 385 cubic feet of storage room, you get plenty of space - more that your typical 10x8' metal shed. Add storage space now with one of our Teton Sheds.

- All Weather, Durable PVC Shed Panels
- Will Not Rot, Mildew and Termite Proof
- Never Needs Painting
- Vinyl is Fire Retardant
- Wide 51¼" Double Sliding Door Opening.
- High Head Room
- Easy Assembly
- Includes Door Handles with Padlock Eyes
- Industry's Longest 10 Year Limited Warranty

Engineered For The Southwest Sun™

# Stronglasting™ Vinyl Sheds

Ship common carrier required lift gate on residential delivery

## ASSEMBLY MADE EASY

The assembly is simple, clean, safe and can be completed in four to five hours with two people. All parts are pre-cut, drilled and numbered for ease of assembly. All you need to provide is a level surface of either wood, or concrete, the size of the desired building. In addition you will need a power drill, hammer, measuring tape, pliers and a ladder.

### ✓ Checklist Prior to Teton Shed Purchase

- Check with your local city hall for building ordinances & CCR's
- Be sure that intended placement of shed is within your property lines
- Do not build shed over utility lines (gas, electrical, water, telephone, cable, etc)
- Measure the size of the intended shed site and make sure you have a level wooden or concrete foundation (Optional Foundation Kit available)
